SUBJECT: PERMIT-REQUIRED CONFINED SPACES (PRCS)

The Gouverneur Central School District is committed to provide a safe and healthful work environment for the entire staff. In pursuit of this endeavor, a program is in place to identify Permit-Required Confined Spaces (PRCS) and to eliminate or control hazards associated with PRCS operations. This program is in accordance with the Occupational Safety and Health Administration's (OSHA) Permit-Required Confined Spaces Standard, Title 29, Code of Federal Regulations 1910.146.

Overall Program Responsibility

The Superintendent of Buildings and Grounds is responsible for the overall implementation and maintenance of any written program or any certification concerning the requirements of the Permit-Required Confined Space Standard at our facility.

Permit-Required Confined Space Evaluation

The Superintendent of Buildings and Grounds is responsible for evaluating the workplace to determine if any permit spaces are present.
