# National and State Standards

## Mission: Physical Education

“Physical Education is based upon the acquisition of knowledge and skills that are the foundation for engaging in physical activity. However, the mere acquisition of knowledge and skills is not enough. The mission of Physical Education is to enable all students to sustain regular, lifelong physical activity as a foundation for a healthy, productive and fulfilling life.”

“Physical Education is a sequential educational program. It is based on physical activities undertaken in an active, caring, supportive and non-threatening atmosphere in which every student is challenged and successful. Students with disabilities are provided with a learning environment that is modified, when necessary, to allow for maximum participation.”

# National Standards for Physical Education

Physical activity is critical to the development and maintenance of good health. The goal of Physical education is to develop physically educated individuals who have the knowledge, skills, and confidence to enjoy a lifetime of healthful activity. As the result of a quality K-12 Physical Education experience, the National Standards for Physical Education state that students will:

- Demonstrate competency in many movement forms and proficiency in a few movement forms.
- Apply movement concepts and principles to the learning and development of motor skills.
- Exhibit a physically active lifestyle.
- Achieve and maintain a health-enhancing level of physical fitness.
- Demonstrate understanding and respect for differences among people in physical activity setting.
- Understand that physical activity provides opportunities for enjoyment, challenge, self-expression, and social interaction.

# NYS Standards for Physical Education

**STANDARD 1: Students will have the necessary knowledge and skills to establish and maintain physical fitness, participate in physical activity, and maintain personal health.**

- Blood flow and oxygen to the brain, thereby improving mental clarity.
- The part of the brain responsible for learning and memory.
- Connections between nerves in the brain, thereby improving attention and information-processing skills.

**Physical activity can also:**

- Build strong bones and muscles.
- Decrease the likelihood of developing obesity and risk factors for diseases such as type 2 diabetes and heart disease.
- Positively affect classroom behavior and can help youth improve their concentration and memory.

# Goals and Objectives

The goal of the Gouverneur Central School District Physical Education Program is to provide an environment: which fosters self-esteem, personal fitness, independent thinking, and positive decision making, encourages each child to become a physically educated person, and inspires each child to become physically active for life.

To achieve this goal we will:

- Provide a safe, exciting environment in which to learn;
- Promote physical activity and the attainment of physical fitness, and a desire to maintain physical fitness throughout life;
- Attain competency in the management of the body and useful physical skills;
- Emphasize safety practices;
- Motivate expression and communication;
- Promote individual and group understanding;
- Provide knowledge and appreciation of physical education activities;
- Make each individual aware of the effect of physical activity upon the body;
- Provide opportunities for the exercise of pupil initiative, leadership and responsibility;
- Develop physically educated individuals who have the knowledge, skills, and confidence to enjoy a healthful life;
- Expose children to a wide variety of developmentally appropriate physical activities;
- Provide instruction in physical activities pursuant to attaining competency in many activities and proficiency in some activities;
- Encourage students to participate in interscholastic athletics.

# Curriculum

## 1. Program Profile

Physical Education in the district is an outcomes based program that addresses the rules, regulations, goals, objectives and/or needs of our students as per the following:

### A. National Level

- NASPE benchmarks
- National Federation of State High School Association
- Reviews of current literature

### B. State Level

- NYS Commissioner's Regulations
- NYS School Law
- NYS Learning Standards
- NYSED Physical Education Syllabus
- NYS Public HS Athletic Association

### C. Regional Level

- BOCES-wide initiatives
- Regional clinics and workshops
- NYS Section Athletic Council

### D. Local Level

- Gouverneur Central School District Athletic Guide
- Local Recreational and Sports Programs

# Curriculum

## 2. Attendance Policies

- A. All elementary and secondary students are required to participate in physical education. Those students unable to participate in the regular program may receive alternate forms of physical education.
- B. All students are required to attend and participate in physical education unless medically excused by a doctor. An injury or condition that takes a student out of class for more than two days requires a note from a medical professional. The school nurse may excuse a student from participation on a day-to-day basis, not to exceed one week of classes. *These classes must be made up during the marking period. Physical Education is a NYS required course for graduation.*

### C. Gouverneur High School

- All absences must be made up by completing alternative assignments or attending available make-up by the end of the quarter.
- Alternative assignments or make-ups should be requested by student the next class attended.
- All make-ups are authorized by the Physical Education teacher.
- A grade of zero will be recorded at the end of the quarter for any absences not made up.
- Field trips, music lessons, play practice, suspensions, etc. all must be made up.

Students who wish to make up individual days of class that have been missed because of legal absences may make up days of activity before, during or after school as individually arranged with their physical education teacher. Students must sign up with the supervising teacher and will participate in structured activities throughout the school year. When they have completed make up activities, the supervising teacher will provide them with paperwork that the student must return to their class teacher, indicating that class(es) have been made up. A student who earns a failing final average in physical education must take additional classes to graduate.

### 3. Grading Policy

# Curriculum

## **Student Conduct Expectations:**

Students are expected to:

- Dress in shorts, sweatpants, sweatshirt, warm-up suit or T-shirt for activities. These clothes worn during activity must be different from what the student wore for school.
- Wear tennis shoes or sneakers.
- Students are to actively participate to the best of their abilities in physical education on a regularly scheduled basis.
- Display appropriate behaviors during physical education activities.
- Present parental or nurse excuse notes when participation may be limited because of injury or illness. (These classes must be made up.)
- Present a medical excuse for limitations of activity longer than five days. These medical certificates of limitations must indicate the area of the program in which pupils may participate.
- Notify teachers of any limitations previous to class activities.
- Notify teachers of any accidents or injuries incurred during activity as soon as possible.

## **Attendance and Missing Classes:**

Students who wish to make up individual days of class that have been missed because of legal absences may make up days of activity during or after school. Students must make up missed class days during the last two weeks of the marking period.

# Curriculum

## **Adaptive Physical Education:**

The Board of Regents recognizes the diversity of students in New York State, including students with disabilities, students with limited English proficiency, gifted students, and educationally disadvantaged students, and has made a strong commitment to integrating the education of all students into the total school program. The standards apply to all students, regardless of their experiential background, capabilities, developmental and learning differences, interests, or ambitions. A classroom typically includes students with a wide range of abilities who may pursue multiple pathways to learn effectively, participate meaningfully, and work toward attaining the curricular standards.

A balanced physical education program is basic to the district's commitment to meet the physical, academic, social, and emotional needs of each student. The Gouverneur Central School District School District affirms the right for every child to participate in physical education, intramural and interscholastic activities.

Students who are temporarily unable to participate in the regular program of Physical Education will remain in their scheduled physical education class. The instructor will provide an alternative, temporary, program within the guidelines established by the physician. Students must comply with the limitations set by the physician's Medical Certificate of Limitations until released for full participation.

Students with special needs conditions who have IEP's and cannot participate fully in regular programs of physical education, either permanently or temporarily, will be provided with an alternative program of instruction, under the direction of a certified physical education instructor. Students will be included in a class setting that best meets their educational needs and physical abilities. This will occur in consultation with the student's special education case manager.

When specified students with special needs conditions who have IEP's and cannot participate fully in regular programs of physical education, either permanently or temporarily, will be provided with an alternative program of instruction, under the direction of a certified physical education instructor or B.O.C.E.S.

# Diploma Requirements

## Commissioner's Regulations - 100.5 Diploma Requirements

General requirements for a Regents or local high school diploma:

All students shall have earned the equivalent of two units of credit in physical education in accordance with the requirements set forth in section 135.4(c)(2)(ii) of this Title. Such units of credit shall not count towards the required units of credit set forth in paragraphs (1) or (2) of this subdivision. A student who has completed the diploma requirements as set forth in paragraphs (1) or (2) of this subdivision in fewer than eight semesters, shall not be required to continue enrollment in high school for the sole purpose of completing the physical education requirement as set forth in this paragraph, if the school, upon the request of the student's parent or guardian, wishes to grant such student a high school diploma prior to his or her eighth semester.

- The equivalent of two units of credit for physical education can be awarded 1/4 unit per semester. In order to receive a diploma after completing fewer than eight semesters, students must have met the requirements for each semester of physical education up to graduation.
- The equivalent of a unit of credit in physical education requires mastery of the learning outcomes within the limits of each student's capability as set forth in a state or local syllabus. The time requirement for the equivalent of a unit of credit in physical education is met by a student's physical education schedule of two periods per week in one semester and three periods per week in the other semester each year.

# Administrative Procedures

## Curriculum Revision

The PreK-12 curriculum has been revised and updated as of this document. Formal revisions are made by curriculum writers each summer. There shall be continuous evaluation of the instructional program and assessment of individual pupil needs and progress and as the curriculum is fluid changes may be implemented based on the needs of students.

## Evaluation and Testing

Physical fitness will be measured through results of data provided by administration of the criteria and instruments provided by the Presidential Fitness Test and various other health and fitness indicators. Fitnessgram is the tool used to measure fitness levels. Assessments for grading will be in the areas of motor skill, cognitive applications, attitude toward fitness and wellness, safety, participation and character.

## Class Sizes and Grouping

Class sizing is determined through administrative oversight. Recommended class sizes shall be based on best practice and research, and provision of maximum effectiveness. Final decisions regarding class size and placement rest with the building principal and district personnel.

## Use of Non-School Facilities

Granted through a special request process.

## Reporting

Periodic reports regarding the status and progress of equivalent programs which have been approved by the commissioner shall be filed with the Division of Physical Education, Fitness, Health, Nutrition and Safety Services as requested. Appropriate cumulative records shall be maintained which cover the essential features of the physical education program for each pupil, and when a pupil transfers to another school, such records -shall be transferred with the student's transcript.

# Personnel

## Regulation:

Each school district operating a high school shall employ a director of physical education who shall have certification in physical education and administrative and supervisory service. Such director shall provide leadership and supervision for the class instruction, intramural activities, and inter-school athletic competition in the total physical education program. Where there are extenuating circumstances, a member of the physical education staff may be designated for such responsibilities, upon approval of the commissioner. School districts may share the services of a director of physical education.

Currently the Assistant Superintendent works collaboratively with the High School Principal to fulfill this role.

## **Gouverneur Elementary School**

Three full-time physical education teachers are assigned to the elementary school.

## **Gouverneur Middle School**

Two full-time physical education teachers are assigned to the middle school

## **Gouverneur Central High School**

Two full-time physical education teachers are assigned to the high school.

- a. Provision for health education. To provide a satisfactory program in health education in accordance with the needs of the pupils in all grades.
- b. Health education in the primary schools. Primary school curriculum shall include a sequential health education program for all pupils, grades K-6. In addition, provision shall be made in the school program of grades 4-6 for planned units of teaching which shall include health instruction through which pupils may become increasingly self-reliant in solving their own health problems and those of the group. Primary schools to provide instruction regarding AIDS.
- c. Education Law §804 was amended by Chapter 390 of the Laws of 2016, and Chapter 1 of the Laws of 2017 to clarify that required health education in schools must include instruction in mental health, including the multiple dimensions of mental health. The statutory amendments further state that instruction shall be designed to enhance student understanding, attitudes and behaviors that promote health, well-being and human dignity. An equally important part of this conversation is to help students identify risk and protective factors, as learning and resiliency can result in positive decision making and life-long success, which are the primary goals of health and education.

- d. Regulations require that students in senior high school must be provided instruction in hands-only cardiopulmonary resuscitation and the use of an automated external defibrillator. The standards for this instruction should be based on a nationally recognized instructional program that utilizes the most current guidelines issued by the American Heart Association or equivalent organization. The instruction should be designed to: a) have students recognize the signs of a possible cardiac arrest and to call 911, b) provide an opportunity to demonstrate compressions necessary to perform hands only CPR, and c) provide an awareness in the use of the AED.
- e. Health education in the secondary schools. Provision to provide health education instruction in the middle school for a separate one-half year course, provision to provide health education in the senior high school for an approved one-half year course. These courses shall be taught by teachers holding a certificate to teach health. The district shall designate a health coordinator in realizing the values of a health program in the schools. All middle and secondary schools shall provide appropriate instruction concerning AIDS as part of the required health education courses in grades 8 and in grades 9-12.

## Integration of Health Education and Physical Education

We teach students to:

- Analyze how behavior can impact health maintenance and disease prevention and explain the impact of personal health behaviors on the functioning of body systems
- Evaluate a personal health assessment to determine strategies for health enhancement.
- Analyze the short- term and long-term consequences of healthy and unhealthy behaviors.

We help students to:

- Develop strategies to improve or maintain proper physical fitness.
- Implement a plan for attaining personal health and fitness goals.
- Understand the interrelationship between health education and physical fitness.
- Demonstrate healthy ways to achieve optimum physical fitness.

## Integration of Health Education and Wellness Policy

- Analyze the role of individual responsibility for enhancing health.
- Demonstrate the ability to influence and support others in making positive health choices.
- Analyze how public health policies and education regulations influence overall wellness.
- Emphasize the connection between overall wellness and a healthy lifestyle.
- Recognize the community resources available to improve overall wellness.
- Analyze how the family and peers influence the health and wellness of individuals.

# Interscholastic Athletics

## INTERSCHOLASTIC ATHLETICS

The Gouverneur Central School District Central School District encourages participation in athletic activity by interested and qualified students. The interscholastic athletic program is a direct outgrowth of the physical education program. We believe that the athletic program functions as a critical part of the total curriculum. Students will participate in a program that reflects the district's philosophy of continual growth and achievement, equal opportunity and the educational commitment to the physical, intellectual and normal development of each student. Through competitive sports we seek to promote character, confidence and self-esteem. The intense social and emotional demands of team play and interscholastic competition provide the areas in education for teaching and demonstrating fundamental values such as commitment, loyalty, hard work, accountability, self discipline and moral integrity. We also provide encouragement to continue with athletics as a lifelong goal of physical fitness and well being.

The District provides 53 team athletic opportunities for both girls and boys at the Varsity, Junior Varsity, and Modified levels. This includes 18 Varsity Athletic Teams, 9 J.V. Teams, 17 Modified Teams. Additionally, we employ approximately 26 Coaches and we are able to provide up-to-date athletic information through our District Web Page. Currently, Gouverneur Central School District offers Interscholastic teams in: **Football, Soccer, Basketball, Swimming, Cheerleading, Softball, Golf, Wrestling, Indoor Track, Volleyball, Baseball, Track & Field, and Cross Country.**

# Program Evaluation, Review, and Recommendations

## PROGRAM EVALUATION AND REVIEW

1. There shall be continuous evaluation of the instructional program and assessment of individual pupil needs and progress.
2. Appropriate cumulative records shall be maintained which cover the essential features of the physical education program for each pupil, including Pre and Post Assessments each year for Student Learning Objectives.
3. As the needs of children, teachers, and the community change, the plan will also change to meet these needs.
4. This plan is to be reviewed annually, and revised when appropriate.

## RECOMMENDATIONS

When feasible, hire a Physical Education Director.

# New York State Education Law

The Commissioner of Education and the Board of Regents of New York State have long been authorized by the Legislature, through statutory enactments, to promulgate Rules and Regulations in order to implement statutory provisions.

*Education Law, Section 803. Instruction in Physical Education and kindred subjects.*

1. *All pupils above the age of eight years in all elementary and secondary schools shall receive as part of the prescribed courses of instruction therein such physical education under the direction of the commissioner of education as the regents may determine. Such courses shall be designed to aid in the well-rounded fitness; health and the worthy use of leisure. Pupils above such age attending the public schools shall be required to attend upon such prescribed courses of instruction.*
2. *The Board of Education or trustees of every school district regularly employing twenty or more teachers shall employ a teacher or teachers qualified and duly licensed under the regulations of the regents to give such instruction; in every other district of the state, they shall require such instruction to be given by the teacher or teachers regularly employed to give instruction in other subjects or by a teacher or teachers and duly licensed under the regulations of the regents.*
3. *The Boards of Education or trustees of two or more contiguous districts in the same supervisory district, however, may join in the employment of a teacher qualified and duly licensed under the regulations of the regents to give such instruction; and the salary of such teacher and the expenses incurred on account of such instruction shall be apportioned by the district superintendent among such districts according to the assessed valuation thereof, and as so apportioned shall be a charge upon each of such districts.*

# New York State Education Law

4. *Similar courses of instruction shall be prescribed and maintained in private schools in the state and all pupils in such schools over eight years of age shall attend upon such courses; and if such courses are not so established and maintained in any private school, attendance upon instruction in such schools shall not be deemed substantially equivalent to instruction given to children of like ages in the public school or schools of the city or district in which the child resides*
5. *It shall be the duty of the regents to adopt rules determining the subjects to be included in courses, the qualifications of teachers, and the attendance upon such courses of instruction.*
6. *The physical education hereinbefore provided for, may be given, when practicable, in any armory of the state where such armory is within convenient distance from the school, and at such times and in such manner as not to interfere with the regular military uses of such armory. The commanding officer in charge of any such armory shall, upon application made by any board of education or trustees of the several cities and school districts within the state, permit access to any such armory, for the purposes herein mentioned.*

## SCHOOL DISTRICT PLANS

### *Regulation: 135.4 Physical Education*

*It shall be the duty of trustees and boards of education to develop and implement school district plans to provide physical education experiences for all pupils as herein after provided. Such plans shall be kept on file in the school district office and available for inspection upon request. All school districts shall comply with the provisions of this section by August 1, 1974. However, the requirement for development of a plan shall become effective September 1, 1975. A school district may conduct an instructional program which differs from, but is equivalent to, the required program of instruction set forth in paragraph (2) of subdivision (c) of this section, with the approval of the commissioner. An application to conduct such equivalent program shall be filed with the Division of Physical Education and Recreation of the Department not later than ten weeks prior to the implementation of such program. Such instructional program may be modified, with the approval of the Commissioner, upon application for such change which shall also be filed not later than ten weeks prior to the implementation of such modification.*

# Regulations Governing Physical Education

## **(3) Attendance.**

- (i) All pupils shall attend and participate in the physical education program as approved in the school plan for physical education and as indicated by physicians' examinations and other tests approved by the Commissioner of Education. Individual medical certificates of limitations must indicate the area of the program in which the pupil may participate.
- (ii) School district plans shall indicate through the sequential curriculum the steps to be taken to insure that each pupil meets the requirement for participation in physical education program which complies with the provisions of this section. School districts may award local diploma credit for the required program, and may also submit plans for elective units in physical education for additional credit.

## **(4) Personnel.**

- (i) Elementary classroom teachers may provide instruction under the direction and supervision of a certified physical education teacher.
- (ii) When students participate in out-of-school activities as part of alternative programs, such activities may be taught by non-certified personnel, provided they have appropriate experience and are so approved by the board of education.
- (iii) Each school district operating a high school shall employ a director of physical education who shall have certification in physical education and administrative and supervisory service. Such director shall provide leadership and supervision for the class instruction, intramural activities, and interschool athletic competition in the total physical education program. Where there are extenuating circumstances, a member of the physical education staff may be designated for such responsibilities, upon approval of the commissioner. School districts may share the services of a director of physical education.

# Regulations Governing Physical Education

## **(5) Facilities.**

Trustees and boards of education shall provide adequate indoor and outdoor facilities for the physical education program at all grade levels. Appropriate guidelines to schools with respect to facilities will be provided by the Division of Physical Education, Fitness, Health, Nutrition and Safety Services.

## **(6) Administrative procedures.**

(i) School district plans for the physical education program shall include information on the following administrative procedures:

(a) Curriculum development in relation to grade levels, as referred to in paragraph

(1) of this subdivision;

(b) Appropriate examinations and tests to be employed by school authorities in determining pupil needs and progress in physical fitness, knowledge and skills;

(c) Class size and grouping patterns which are compatible with the activities being taught;

(d) Use of non-school facilities;

(e) Use of non-certified persons, such as student leaders, practice teachers, etc.;

(f) Use of supplementary personnel which are described in section 80.33 of this Title;

(g) Summer school physical education programs, if conducted; and

(h) Policies and procedures for the conduct of extra-class programs.

(ii) Periodic reports regarding the status and progress of equivalent programs which have been approved by the commissioner shall be filed with the Division of Physical Education, Fitness, Health, Nutrition and Safety Services as requested.

# Regulations Governing Physical Education

**(7) Basic code for extra-class athletic activities.** Athletic participation in all schools shall be planned so as to conform to the following:

(i) General provisions. It shall be the duty of trustees and boards of education:

(a) To conduct school extra-class athletic activities in accordance with this Part and such additional rules consistent with this basic code as may be adopted by such boards relating to items not covered specifically in this code. A board may authorize appropriate staff members to consult with representatives of other school systems and make recommendations to the board for the enactment of such rules;

(b) To make the extra-class athletic activities an integral part of the physical education program;

(c) To permit individuals to serve as coaches of interschool athletic teams, other than intramural teams or extramural teams, in accordance with the following:

(1) Certified physical education teachers may coach any sport in any school;

(2) Teachers with coaching qualifications and experience certified only in areas other than physical education may coach any sport in any school, provided they have completed:

(i) The first aid requirement set forth in section 135.5 of this Part; and

(ii) An approved pre-service or in-service education program for coaches or will complete such a program within three years of appointment. Such program shall include an approved course in philosophy, principles and organization of athletics which shall be completed within two years after initial appointment as a coach. Upon application to the Commissioner of Education, setting forth the reasons for which an extension is necessary, the period in which to complete such training may be extended to no more than five years after such appointment. Such approved programs for coaches will consist of one of the following (credits and hours vary depending upon the contact and endurance involved in the sport): a department- approved college program of from two to eight credits; or a department- approved in-service education program, conducted by schools, colleges, professional organizations or other recognized groups or agencies, from 30 to 120 clock hours; or an equivalent experience which is approved by the Commissioner of Education;

# Regulations Governing Physical Education

(3) Notwithstanding the provisions of section 80.18 of this Title, other persons with coaching qualifications and experience satisfactory to the board of education may be employed as temporary coaches of interschool sport teams, when certified teachers with coaching qualifications and experience are not available, upon the issuance by the commissioner of a temporary coaching license. A temporary coaching license, valid for one year, will be issued under the following conditions;

(i) The superintendent of schools shall submit an application for a temporary coaching license, in which the inability of the district to obtain the services of a certified teacher with coaching qualifications and experience is demonstrated to the satisfaction of the commissioner;

(ii) Candidates for initial temporary licensure shall have completed the first aid requirement set forth in section 135.5 of this Part prior to the first day of coaching;

(iii) Candidates for the first renewal of a temporary license shall have completed or be enrolled in an approved course in philosophy, principles and organization of athletics; and

(iv) Candidates for any subsequent renewal of a temporary license shall have completed or demonstrate evidence of satisfactory progress towards the completion of an approved pre-service or in-service education program for coaches which shall include an approved course in philosophy, principles and organization of athletics. Such approved programs for coaches shall consist of one of the following (credits and hours vary depending upon the contact and endurance involved in the sport): a department-approved college program of from two to eight credits; or a department approved in-service education program, conducted by schools, colleges, professional organizations or other recognized groups or agencies, from 30 to 120 clock hours; or an equivalent experience which is approved by the Commissioner of Education;

- (s) To provide the same general degree of opportunity for participation in intramural and interscholastic activities to both males and females.
  - (ii) Provisions for interschool athletic activities for pupils in grades 7 through 12. It shall be the duty of the trustees and boards of education to conduct interschool athletic competition for grades 7 through 12 in accordance with the following:
    - (a) Interschool athletic competition for pupils in junior high school grades seven, eight and nine. Such competition shall be conducted in accordance with the following: Seventh and eighth grade teams may participate only with teams of like grade groups, with the following exceptions:

# Regulations Governing Physical Education

- (1) In junior high school, competition may include grades seven through nine.
- (2) In six-year high schools, competition may include grades seven through nine.
- (3) In four-year high schools, ninth grade pupils may participate in junior high competition.
- (4) A board of education may permit pupils in grades no lower than seventh to compete on any senior high school team, or permit senior high school pupils to compete on any teams in grades no lower than seventh, provided the pupils are placed at levels of competition appropriate to their physiological maturity, physical fitness and skills in relationship to other pupils on those teams in accordance with standards established by the commissioner.
- (b) Interschool athletic competition for pupils in senior high school grades 9, 10, 11 and 12. Inter-high school athletic competition shall be limited to competition between high school teams, composed of pupils in grades 9 to 12 inclusive, except as otherwise provided in subclause (a)(4) of this subparagraph. Such activities shall be conducted in accordance with the following:
- (1) Duration of competition. A pupil shall be eligible for senior high school athletic competition in a sport during each of four consecutive seasons of such sport commencing with the pupil's entry into the ninth grade and prior to graduation, except as otherwise provided in this subclause. If a board of education has adopted a policy, pursuant to subclause (a) (4) of this subparagraph, to permit pupils in the seventh and eighth grades to compete in senior high school athletic competition, such pupils shall be eligible for competition during five consecutive seasons of a sport commencing with the pupil's entry into the eighth grade, or six consecutive seasons of a sport commencing with the pupil's entry into the seventh grade. A pupil enters competition in a given year when the pupil is a member of the team in the sport. Involved, and that team has completed at least one contest. A pupil shall be eligible for interschool competition in grades 9, 10, 11 and 12 until the last day of the school year in which he or she attains the age of 19, except as otherwise provided in subclause (a)(4) of this subparagraph or in this subclause.
- The eligibility for competition of a pupil who has not attained the age of 19 years prior to July 1<sup>st</sup> may be extended under the following circumstances:

# Regulations Governing Physical Education

- (i) If sufficient evidence is presented by the chief school officer to the section to show that the pupil's failure to enter competition during one or more seasons of a sport was caused by illness, accident, or similar circumstances beyond the control of the student, such pupil's eligibility shall be extended accordingly in that sport.
- (ii) If the chief school officer demonstrates to the satisfaction of the section that the pupil's failure to enter competition during one or more seasons of a sport is caused by such pupil's enrollment in a national or international student exchange program or foreign study program, that as a result of such enrollment the pupil will be required to attend school for one or more additional semesters in order to graduate, and that the pupil did not enter competition in any sport while enrolled in such program, such pupil's eligibility shall be extended accordingly in such sport.
- (2) Registration. A pupil shall be eligible for interschool competition in a sport during a semester, provided that he is a bona fide student, enrolled during the first 15 school days of such semester, is registered in the equivalent of three regular courses, is meeting the physical education requirement, and has been in regular attendance 80 percent of the school time, bona fide absence caused by personal illness excepted.
- (3) Sports standards. Interschool athletic programs shall be planned so as to provide opportunities for pupils to participate in a sufficient variety of types of sports. Sports standards, such as number of contests, length of seasons, time between contests, required practice days, etc., for all interschool sports shall conform to guidelines established by the Commissioner of Education.
- (c) Male and female pupils on interschool athletic teams.

# Regulations Governing Physical Education

- (1) Equal opportunity to participate in interschool competition, either on separate teams or in mixed competition on the same team, shall be provided to male and female students, except as hereinafter provided. In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex, except in accordance with the provisions of subclauses (2) and (4) of this clause. For the purposes of this clause, baseball and softball shall be considered to constitute a single sport.
- (2) In the sports of baseball, basketball, boxing, field hockey, football, ice hockey, lacrosse, rugby, soccer, softball, speedball, team handball, power volleyball where the height of the net is set at less than eight feet, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of the school physician, a physical education teacher designated by the principal of the school, and if requested by the parents of the pupil, a physician selected by such parents. Such panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.
- (3) Where a school provides separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, may permit a female or females to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.
- (4) Where a school does not provide separate competition for male and female pupils in interschool athletic competition in a specific sport, the superintendent of schools, or in the case of a nonpublic school or school system which elects to be governed by this clause, the chief executive officer of the school or school system, or the section may decline to permit a male or males to participate on a team organized for females upon a finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.
